Homesick Sep 23 2022 The story of a personal housing crisis that led to a discovery of the true value of home. *LONGLISTED FOR THE BAILLIE GIFFORD PRIZE* *'You will marvel at the beauty of this book, and rage at the injustice it reveals' George Monbiot* *'Incredibly moving. To find peace and a sense of home after a life so profoundly affected by the housing crisis, is truly inspirational' Raynor Winn, author of The Salt Path* Aged thirty-one, Catrina Davies was renting a box-room in a house in Bristol, which she shared with four other adults and a child. Working several jobs and never knowing if she could make the rent, she felt like she was breaking apart. Homesick for the landscape of her childhood, in the far west of Cornwall, Catrina decides to give up the box-room

and face her demons. As a child, she saw her family and their security torn apart; now, she resolves to make a tiny, dilapidated shed a home of her own. With the freedom to write, surf and make music, Catrina rebuilds the shed and, piece by piece, her own sense of self. On the border of civilisation and wilderness, between the woods and the sea, she discovers the true value of home, while trying to find her place in a fragile natural world. This is the story of a personal housing crisis and a country-wide one, grappling with class, economics, mental health and nature. It shows how housing can trap us or set us free, and what it means to feel at home.

Profit First Apr 06 2021 Author of cult classics *The Pumpkin Plan* and *The Toilet Paper Entrepreneur* offers a simple, counterintuitive cash management solution that will help small businesses break out of the doom spiral and achieve instant profitability. Conventional accounting uses the logical (albeit, flawed) formula: $\text{Sales} - \text{Expenses} = \text{Profit}$. The problem is, businesses are run by humans, and humans aren't always logical. Serial entrepreneur Mike Michalowicz has developed a behavioral approach to accounting to flip the formula: $\text{Sales} - \text{Profit} = \text{Expenses}$. Just as the most effective weight loss strategy is to limit portions by using smaller plates, Michalowicz shows that by taking profit first and apportioning only what remains for expenses, entrepreneurs will transform their businesses from cash-eating monsters to profitable cash cows. Using Michalowicz's Profit First system, readers will learn that:

- Following 4 simple principles can simplify accounting and make it easier to manage a profitable business by looking at bank account balances.
- A small, profitable business can be worth much more than a large business surviving on its top line.
- Businesses that attain early and sustained profitability have a better shot at achieving long-term growth.

With dozens of case studies, practical, step-by-step advice, and his signature sense of humor, Michalowicz has the game-changing roadmap for any entrepreneur to make money they always dreamed of.

A World of Many Colors ! Nov 20 2019 A delightful way of introducing children to different races and cultures in a world of many colors!

Few Far Fallen May 07 2021 Even a tale of World's End has a beginning. Rone, once a continent of austere beauty and mighty nations, slides inexorably toward dissolution. The Dalin Clan, led by their conflicted Warlord, Gor, live in the shadow of their former power, their bloody, warlike culture, no proof against murder and treason. Rivals see in the Clan's fading might an opportunity to settle ancient vendettas, even as unseen forces from beyond the World of Men look to usher in the end of days – from the Outside, where the Fallen abide. A Warlord who values life, even as his humanity is constantly denied; a crippled bard, blind to his inner beauty, worthy of every song; a Seer, unable to see what is coming, but asked to guide his people. They are among the company of the few, the far fallen, and they are all that stands against the chaos that seeks their end. Literary-leaning and tragic, beautifully described and compellingly written, Few Far Fallen presents a world as complex, flawed, and real as the characters that inhabit it. Discover why it is only against darkness that light can be seen, and why even endings have a beginning.

Press Reset Dec 14 2021 From the bestselling author of *Blood, Sweat, and Pixels* comes the next definitive, behind-the-scenes account of the video game industry: how some of the past decade's most renowned studios fell apart—and the stories, both triumphant and tragic, of what happened next. Jason Schreier's groundbreaking reporting has earned him a place among the preeminent investigative journalists covering the world of video games. In his eagerly anticipated, deeply researched new book, Schreier trains his investigative eye on the volatility of the video game industry and the resilience of the people who work in it. The business of videogames is both a prestige industry and an opaque one. Based on dozens of first-hand interviews that cover the development of landmark games—*Bioshock Infinite*, *Epic Mickey*, *Dead Space*, and more—on to the shocking closures of the studios that made them, *Press Reset* tells the stories of how real people are affected by game studio shutdowns, and how they recover, move on, or escape the industry entirely. Schreier's insider interviews cover hostile takeovers, abusive bosses, corporate drama, bounced checks, and that one time the Boston Red Sox's Curt Schilling decided he was going to lead a game studio that would take out *World of Warcraft*. Along the way, he asks pressing questions about why, when the video game industry is more successful than ever, it's become so hard to make a stable living making video games—and whether the business of making games can change before it's too late.

Spanish Sentence Builders - a Lexicogrammar Approach Feb 22 2020 Spanish Sentence Builders is a workbook aimed at beginner to pre-intermediate students co-authored by two modern languages educators with over 40 years of extensive classroom experience between the two, both in the UK and internationally. This 'no-frills' book contains 19 units of work on very popular themes, jam-packed with graded vocabulary-building, reading, translation, retrieval practice and writing activities. Key vocabulary, lexical patterns and structures are recycled and interleaved throughout. Each unit includes: 1) a sentence builder modelling the target constructions; 2) a set of vocabulary building activities; 3) a set of narrow reading texts exploited through a range of tasks focusing on both the meaning and structural levels of the text; - a set of retrieval-practice translation tasks; 4) a set of writing tasks targeting essential micro-skills such as spelling, lexical retrieval, syntax, editing and communication of meaning. Based on the Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned

input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. This occurs throughout each unit of work as well as in smaller grammar, vocabulary and question-skills micro-units located at regular intervals in the book, which aim at reinforcing the understanding and retention of the target grammar, vocabulary and question patterns.

Where the River Flows Feb 16 2022 Where the River Flows is an honest, poetic, heartbreaking account of how my divorce catapulted me down a yearlong obsession to find the answer to the burning question I had every single day after my husband asked me for a divorce: "Why?" Was it my inability to show him love like he'd told me? Was it an old attachment wound, still unhealed and bubbling at the surface? Was it the sexual trauma I'd never resolved and carried into our marriage? Was it my very real and frequent urge to end my life? Or was it him? Was it his lack of understanding for my mental illness? His lost patience for me as I tirelessly worked through old wounds in therapy? Stress from the yearlong motorcycle trip of his dreams that I vowed to go on, and did just after our wedding day? As I spiraled myself around this question and fell deeper and deeper into a depression, as the binges became more intense and the purges returned for the first time in years, as the urges to die grew stronger and when I curled myself in a ball on the shower floor, banging my fists against my belly like I'd first done seventeen years before, I started to believe that what my husband said to me in our last few days together might be true: "It's like there are three people in our marriage. You, me, and your Eating Disorder. And sometimes I think you love her more than me." If you or someone you know has struggled with an Eating Disorder, sexual or developmental trauma, depression, anxiety, suicidal thinking, divorce, grief, then it is my hope you will find yourself and your loved ones in the pages of this memoir. You are not alone.
